Wheel, Walk or Jog (WWJ) 2026

18 April 2026

Moving Forward Together, Stronger as One

Our 42nd Wheel, Walk or Jog (WWJ) 2026 was held on Saturday, 18 April at The Kallang, OCBC Square bringing together beneficiaries, families, volunteers, partners, and supporters for a day of community, connection, movement and lots of fun where there were game stalls.

We were honoured to have Member of Parliament for Jalan Besar GRC (Whampoa), Mr. Shawn Loh grace the event as our Guest of Honour. His arrival was warmly welcomed by a lively and energetic performance from our very own HWA Drumming Group, featuring our members.

Thereafter, Mr Loh officiated the flag-off for WWJ, where beneficiaries, families, volunteers, partners, and supporters set off together to wheel, walk, and jog around the atmospheric venue in a vibrant display of unity and community spirit. Thank you Sir for joining us at WWJ 2026. We appreciate your presence and support!

Not forgetting our dedicated partners, corporate and student volunteers and generous donors, we want to shout a big thank you to you too for your continued support, which makes a meaningful difference in the lives of our beneficiaries.

To everyone who joined us—thank you for being part of WWJ 2026. Your presence and participation made the day truly memorable. Thank you, everyone!

A Meaningful Value In Action (VIA) Journey with NYGH Students

Over the past few months, HWA was pleased to welcome students from Nanyang Girls' High School (NYGH) as part of their Values-in-Action (VIA) journey for the year.

Across four meaningful sessions held in March and May, the students gained a deeper understanding of HWA's services and the work we do to support Persons with Physical Disabilities and the elderly. Through their visits, they toured our facilities, learnt more about our programmes, and explored the different ways they could contribute to the community.

One group of students spent time interacting with our beneficiaries through conversations, games, and activities that they planned and facilitated. Another group interviewed our frontline workers, including our nurse and case worker, as well as one of our founders, to learn more about their work, experiences, and the impact of HWA's services.

As part of their VIA project, the students are also working on an animation video to share more about HWA – a creative project inspired by their learning and interactions throughout the sessions.

We appreciate NYGH's continued partnership with HWA through their VIA project and the students' thoughtful efforts in fostering greater awareness, empathy, and understanding towards our communities.

Welcoming Jiangsu Disabled Persons' Federation to HWA

24 June 2026

On 24 June 2026, HWA was delighted to welcome a group of delegation members from the Jiangsu Disabled Persons' Federation for a meaningful afternoon visit.

The visit began with an introduction to HWA's services and programmes, where we shared more about our work in supporting persons with disabilities and the elderly. This was followed by an engaging Q&A session, where our team had the opportunity to answer questions and exchange insights on our services, programmes and operations.

The delegation members also toured our premises and facilities, gaining a closer look at the spaces and resources that support our clients in their rehabilitation, care and community participation journeys.

We would like to express our appreciation to the Jiangsu Disabled Persons' Federation for taking the time to visit HWA. It was a pleasure hosting you, and we hope you had a meaningful and fulfilling visit as you learnt more about our services and our commitment towards supporting persons with disabilities and the elderly.
